Road Kill Deer, Dead Animal, & Debris Pick Up – Project Specifications  
Project Number 000I-391 & 000I-391  
PCN i21p & i21q

South Dakota Standard Specifications for Roads and Bridges, 2004 Edition and Required Provisions, Supplemental Specifications and/or Special Provisions as included in the Proposal shall apply to this contract work.

The South Dakota Department of Transportation and the Department of Game, Fish, and Parks, hereafter referred to as the State require Road Kill animals and debris promptly to be removed from the public highway right-of-way along Interstate 90 and disposed of properly.

The State agrees to:

1. Compensate the Contractor monthly to remove dead animals (exclusive of Road Kill Deer) and pick up debris. The monthly payments will be an amount approximately equal to one-twelfth of the Contractor's lump sum bid for this contract bid item. The first monthly pay estimate will be adjusted so the remaining eleven pay estimates result in a whole dollar amount. The Department of Transportation Area Office in Winner, SD will be the contact point for any payment question or problem. (605-842-0810)
2. Compensate the Contractor monthly to remove Road Kill Deer. The monthly payments will be an amount approximately equal to one-twelfth of the Contractor's lump sum bid for this contract bid item. The first monthly pay estimate will be adjusted so the remaining eleven pay estimates result in a whole dollar payment.
3. Provide the Contractor with a supply of Road Kill Deer reporting forms.
4. Advise the Contractor of any Road Kill animal that the SD GF&P wants to retrieve themselves for humanitarian, educational, or law enforcement purposes.
5. Provide to the Contractor two magnetic signs to be displayed on the Contractor's vehicle during the dead animal and trash pick up trips. Upon completion of the contract and prior to final payment, the Contractor shall return the signs to the SDDOT Unit 391 Maintenance Supervisor located at the Murdo Maintenance Yard.
6. The Winner Area Engineer will inform the successful bidder of any areas that will be exempted from road kill and debris pick up due to active construction projects. This information will detail the exemption limits from Mile Reference Marker to Mile Reference Marker and date to date that debris and road kill pick up will not be conducted.

Road Kill Deer, Dead Animal, & Debris Pick Up – Project Specifications  
Project Number 000I-391 & 000I-391  
PCN i21p & i21q

The Contractor Agrees to:

1. Conduct a complete round trip, approximately 241 miles, a minimum of twice per week and pick up all debris, dead animals as described below, and Road Kill Deer within the project limits. Sequential trips will be no closer than three days and no further than four days apart. Contractor will notify the Winner Area Office one working day prior to starting the pick up cycle. If the Contractor fails to conduct two complete round trips per week, as specified in this proposal, the Contractor shall forfeit one eighth of the monthly payment per trip missed.
2. Pick up trash from bins located at traffic pullouts in the vicinity of MRM 187.7, for the I-90 Eastbound traffic lanes, and in the vicinity of MRM 188.5, for the I-90 Westbound traffic lanes. The trash bins will be cleaned out and relined with garbage bags. The garbage bags can be obtained from the Department of Transportation Maintenance yard located at Murdo. This trash pick up will be conducted simultaneously with the round trip described in (1).
3. Pick up trash from bins located at the scenic overlook in the vicinity of MRM 137.5, for the I-90 Westbound traffic lanes. The trash bins will be cleaned out and relined with garbage bags. The garbage bags can be obtained from the Department of Transportation Maintenance yard located at Murdo. This trash pick up will be conducted simultaneously with the round trip described in (1).
4. Pick up and properly dispose of all debris larger than 1 cubic foot, e.g. tires, wood, metal or plastic items located within the public right-of-way on Interstate 90 within the project limits described below in (7). The Contractor will notify the South Dakota Department of Transportation Winner Area Office, 605-842-0810, if unanticipated circumstances occur and inform the DOT of any debris items that are too large for the Contractor to pick up. Debris that weighs in excess of 200 lbs. should be referred to Tim Huffman, SDDOT Highway Maintenance Supervisor, (605)-842-5387, for removal.
5. Pick up and properly dispose of all visible dead animals, from the approximate size of a skunk and larger, and Road Kill Deer located within the public right-of-way on Interstate 90 within the project limits described below in (7). The Contractor will notify Tim Huffman, SDDOT Highway Maintenance Supervisor, (605)-842-5387, within 24 hours of the discovery of unsafe circumstances at any road kill site that prevents the Contractor from accomplishing the road kill removal.
6. Dispose of each dead animal, Road Kill Deer, and any debris properly in accordance with all state laws, regulations, and county/city ordinances.
7. Provide services as defined and described in this contract along Interstate 90 Eastbound and Westbound lanes from vicinity Mile Post Number 130.3 (Cactus Flat) to vicinity Mile Post Number 251.6 (Maintenance Crossover located 0.6 Mile East of Interstate 90/South Dakota 47 Intersection).
8. Dispatch a properly equipped Contractor truck with qualified driver to make two round trips per week, 52 weeks per year to pick up debris and dead animals. The Contractor shall park their vehicle in a manner to keep all traffic lanes open. The Contractor's removal operation shall not interfere with the normal flow of traffic.

The Contractor Agrees to:

9. Display two magnetic signs on the Contractor's vehicle during the dead animal and trash pick up trips. One sign will be located on each side of the vehicle. The signs shall be clearly visible at all times and indicate the purpose of the work. Upon completion of the contract and prior to final payment, the Contractor shall return the signs to the SDDOT Unit 391 Maintenance Supervisor located at the Murdo Maintenance Yard.
10. Maintain a revolving amber warning light to be operating whenever the contractor vehicle is stopped or travelling less than 40-mph within the project limits. This amber light will be located on the upper rear or cab of each vehicle used under this contract. The amber light will promote safety while loading debris or dead animals or otherwise occupying the right-of-way in performing services under this contract. This light shall be a minimum of 55-watt halogen bulb for the rotating light. A flashing type of warning light will not be permitted for this contract.
11. The Contractor's personnel shall be required to wear a safety vest while working within the project limits. The safety vest(s) shall meet or exceed the requirements as specified within the American National Standards Institute (ANSI), International Safety Equipment Association (ISEA) 107-1999 for Class 2 performance.
12. Complete a State furnished Road Kill Deer report form for each week, listing each deer collected and location by County. The forms shall be delivered at the end of each month to the South Dakota Department of Transportation, Winner Area Office, PO Box 771, Winner SD 57580-0771. These forms must be submitted prior to the Winner Area Office processing the monthly billing for payment. The Contractor shall provide GPS coordinates to mark locations on the Road Kill Deer report. The cost of having and using the GPS unit will be incidental to the contract bid item "Pick up and Dispose of Road Kill Deer, State Highways".
13. Provide the name of the landfill which will be used to dispose of dead animals to the Winner Area Engineer at the preconstruction meeting.
14. Provide a contact person and telephone number to the Winner Area office upon contract award. This telephone must be equipped with a working answering machine.
15. Indemnify, save and hold harmless, the Department and all its employees and agents from any and all claims, demands, actions or causes of action of whatsoever nature or character arising out of or by reasons of, the execution or performance of the work provided for under this contract, whether or not the Contractor is itself negligent or otherwise culpable, and further agrees to defend at its own sole cost and expense any action or proceeding commenced for the purpose of asserting any claim of whatsoever nature or character arising under this contract whether or not the Contractor is itself negligent or otherwise culpable. This section does not require the Contractor to be responsible for or defend against claims or damages arising solely from the acts or omissions of the State, its officers or employees.

The Contractor Agrees to:

16. Purchase and maintain liability insurance for the duration of the Contract to cover property damage or bodily injury damages imposed by law. This liability insurance is above and beyond normal liability insurance typically associated with homeowners, automobile, etc. insurance. The bidder is strongly encouraged to contact insurance companies prior to submitting bids for this contract to obtain price quotes for this insurance. This liability insurance shall be purchased from insurance companies authorized to do business in the State of South Dakota and shall contain a minimum coverage amount of \$500,000.00. The insurance shall cover all operations under the Contract, whether performed by the Contractor or Subcontractors.
17. Worker's Compensation Insurance shall meet the requirements of the South Dakota Workmen's Compensation Law.
18. Before commencing the work, the Contractor shall furnish certificates of insurance, certifying that the policies will not be changed until 30 days written notice has been given to the Department. The certificates of insurance shall provide evidence that sufficient liability insurance, with a minimum coverage amount of \$500,000.00 is carried to protect the public from bodily injuries or property damage liability sustained by reason of pursuing the contract work.

Debris consisting solely of tires may be dropped off at the South Dakota Department of Transportation Maintenance Shops located at Kadoka, Murdo, Reliance, and Presho. The Department of Transportation will arrange for the ultimate disposal of these tires. Bidders are advised to contact Tim Huffman at (605) 669-2371 or (605) 842-5387 for information pertaining to these sites.

The Contractor is expected to make his own arrangements for disposal of all other debris not consisting of tires.

The bid item "Pick up and Dispose of Road Kill Deer, State Highways" is a lump sum bid item and will include all costs to pick up and properly dispose of Road Kill Deer. The lump sum price for this contract will be based on an average annual deer kill total of two hundred animals per year. The actual number of deer picked up may vary from this estimate. There will be **NO** negotiation for this bid item due to a larger or smaller number of deer actually picked up and disposed of over the contract period.

Dead animals may be disposed of on private property if proper procedures in accordance with all state laws, regulations, and county/city ordinances are followed. Current regulations require that all dead animals be buried, burned, or sent to a rendering plant for disposal. Bidders are to contact Dr. Susan Reenders, Livestock Industry Board, at (605) 773-3321 for information pertaining to disposing dead animals on private property.

The following landfills have indicated a potential willingness to accept the dead animal carcasses; however, **fees may apply and consent to accept the carcasses lies solely with the landfill**, not the Department of Transportation. It is the responsibility of the bidder to verify with the landfills prior to bidding if they will still accept the carcasses and if fees will apply. Any such fee is to be incorporated into the lump sum bid amount and no extra payments will be made. The Contractor shall provide the name of which landfill will be used to dispose of dead animals to the Winner Area Engineer at the preconstruction meeting.

- Tri-County Landfill – Pukwana, SD – Contact Larry McManus @ (605) 894-4535
- Kadoka Landfill – Kadoka, SD – Contact James Buskirk @ (605) 837-2139
- Winner Landfill – Winner, SD – Contact Dennis Schroeder @ (605) 842-6032
- Valentine Sanitary Landfill – Valentine, NE – Contact Marvin Larabee @ (402) 376-2809

Dead animals must be hauled away from the public right-of-way in a leak proof container or vehicle.

The Contract time shall be July 1, 2011 through June 30, 2012.

All costs pertaining to mobilization and excise tax shall be incidental to the associated contract bid items.

The South Dakota Department of Transportation and the Department of Game, Fish, and Parks reserve the right to refuse any and all bids.
